HYUNDAI
CONSTRUCTION EQUIPMENT

McGloskey
INTERNATIONAL

SOOSAN
HEAVY INDUSTRIES

We help our customers build the future. We believe that through every task, building project, or development, we make positive change possible. We improve our country, our society and fellow South African's lives.

For over 18 years HPE Africa has been the sole distributor of **Hyundai Construction Equipment** in Southern Africa. HPE Africa is a division of the **Capital Equipment Group**, a subsidiary of the **JSE Top 100** listed **Invicta Holdings**.

HPE Africa is proud of its partnership with Hyundai, a leading global brand known for manufacturing quality construction equipment designed to meet the demands of any terrain or application. Due to growing customer demand for products that complement the Hyundai range, HPE Africa have partnered with other world-class brands to offer clients complete in-house solutions for many earthmoving equipment applications.

HPE Africa has over 2 000 Hyundai machines in service across the Sub Saharan region including:

- **Mini Excavators (3.7-14 Tons)**
- **Tracked Excavators (20-120 Tons)**
- **Wheeled Excavators (5.5-20.5 Tons)**
- **Wheel Loaders (9.7-29.5 Tons)**
- **Backhoe Loaders**
- **Skid Steer Loaders**

HPE Africa is also the sole distributors for Soosan Heavy Industries and McCloskey International in Southern Africa.

We offer a wide range of quality Soosan Hydraulic breakers and McCloskey products, including Screeners, Crushers, Washing Systems, Conveyors and Trommels which are specialised for the Mining, Construction, Quarrying and Agricultural industries.

HPE Africa has invested in a well-equipped service network of branches and dealers across South Africa.

Branches: Gauteng, Durban, Cape Town and East London

Dealers: Limpopo; Mpumalanga; Lesotho; Eastern, Western and Northern Cape

Earthmoving in **Fast Forward**
